Sir,

Adverting to the concluding portion of Government Order NO R.7454/L.B.68-20-16,dated 23rd December 1920 on the subject of making an additional contribution from the funds of the District Board to the Redfern Memorial Hospital,Hassan, I have the honor to state that the action taken by the District Board in this respect was reported to Government in this office letter No:C.503 dated 27th March 1920 addressed to the Chief Secretary to Government with whom the matter was under correspondence for sometime during the year. As stated therein; a lumpsum grant of Rs.200/- in addition to the annual grant of Rs.200/-or a total grant of Rs.400/-was made during the year 1919-20 after receipt of Government sanction as per Order No.R 12424-6/L.B.116-19-2 dated the 27th. April 1920.

2. The question of increasing the grant permanently is however still under the consideration of the District Board who have at their last meeting referred the matter again to a Sub-Committee for a report as to whether the grant,if sanctioned should be paid with or without any conditions.When final settlement is arrived at a further reference will be made to Government.

Sir,

In continuation of this office letter No. C. 550/ L.F. dated 21st March 1921, stating that the question of increasing the grant permanently to the Red Cross Memorial Hospital Hassan is under the consideration of the District Board, I have the honor to state that the subject which was referred for detail proposals to a Sub Committee of the District Board was finally decided by the Board upon the report of the Sub Committee which runs as follows.-

(1) The sum of Rs. 200 (enhanced grant) for 20-21 may be paid at once.

(2) The annual grant of Rs. 200 may be continued subject to the constitution of a Board of visitors consisting of

(i)
(a) One member of the Hassan Town Municipal Council to be nominated by that Council;
(b) Two members of the Hassan District Board to be nominated by that Board, and,
(c) Three members to be nominated by Government: this being in proportion to the respective grants made by them.

(ii) The functions of the Board of Visitors will be as follows.-

(1) To visit the institutions preriodically not less than once a quarter.
(2) To record their opinion about the condition of the Hospital generally and
(3) To scrutinise the monthly returns of the Hospital to be furnished by the Hospital Authorities to the District Board in the forms in use in other aided Medical Institutions
(4) The Board of Visitors shall be competent to make suggestions to the Hospital Authorities for the improvement of the Hospital.

(iii) The records connected with the Board of Visitors will be kept in the District Board Office and copies of the proceedings shall be sent to the Hospital Authorities, the Hassan Town Municipal Council and the Government, (if so desired).

(iv) The enhanced grant of Rs. 200 may be continued subject to the above conditions.

2. The above suggestions were approved by the District Board at their meeting held in August 1921. Copies of the report and the Board's resolution are appended.

It will be seen that including the monthly grant of Rs. 50 sanctioned by Government to the Redfern Memorial Hospital, the total yearly grant (1) from Government, (2) the District Board and (3) the Municipal Council of Hassan comes up to Rs. 1000. As this is a substantial sum, it is necessary that a Board of Visitors with functions as detailed above, should be appointed. It is requested that the approval of Government to form such a Board may kindly be obtained early for communication to the Authorities of the Hospital in question.

I have the honor to be,

Your most obedient servant,

(in-charge), B a n g a l o r e.

Sir,

With reference to your letter No. L. 4073/L.B. 68-20-26 dated 23rd Jany. 22, enquiring whether the Redfern Memorial Hospital authorities are agreeable to the proposal of the District Board in the matter of appointing a Board of Visitors to the Hospital, I have the honor to state that in pursuance of the above letter, the Rev. A. R. Slater, the Superintendent of the said Institution was addressed in the matter. A copy of his reply is herein enclosed.

2. At the last meeting of the District Board this reply was considered by the District Board also, and they resolved as follows:-

> "The District Board desire to have two members on the Board of Visitors as it is necessary that different views should be represented. The Board have no objection if the Government is represented by the District Medical Officer alone. The Board consider that the furnishing of monthly returns is essential. The other points referred to by Mr. Slater are consistent with the rules proposed".

3. It will thus be seen that if the Government consider that only one representative in their behalf, will suffice, the number of the Board of Visitors proposed will be only (4) four viz.,

1, On behalf of the Hassan Municipality.
2, On behalf of the District Board, and
1, On behalf of the Government.

Enclosure
to R.C. 27

4. The Board consider that the furnishing of the accounts monthly, in the prescribed form, is essential.

The other conditions proposed in my letter No. 550-20/L.F. dated 25th December 1921 are consistent with the suggestions contained in Mr. Slater's reply letter referred to above.

5. Under the circumstances, the sanction of Government may kindly be obtained to (1) the formation of a Board of Visitors with functions as detailed in my letter No. R.O.C. 550/L.F. dated the 25th December 1921 and (2) the enhancement of the annual grant of Rs200/- to the Hospital to Rs400/- subject to the altered conditions referred to above.

I have the honor to be,

Sir,

Your most obedient servant,

President,

Enclosure to
No. 27

16

Letter dated 14th Feby. 22, from Rev. Slater, Hassan, to the President, District Board, Hassan.

I am in receipt of your letter dated Jany. 22nd 1922 referring the suggestion that in view of the fact that the Redfern Memorial Hospital is in receipt of public funds, a Board of Visitors should be constituted.

As suggested in your letter, I have consulted the Chairman of our Mission and he wishes me to state that, while generally speaking, there is no objection to a Board of Visitors, it would be well to refer to one or two of the suggestions.

1. The Board of Visitors.

If the District Board feels that such an institution would safeguard their interests, the Mission authorities would agree to it. I would however, point out that a Board of the size suggested, namely, six, is altogether unnecessary, and I would suggest that each of the contributing bodies appoint one person. The Government which pay a sum equal to the other two, has appointed one representative to visit the Hospital, and if two others are appointed all that is aimed at by the Board can be accomplished better than if a larger number is appointed.

2. Functions of the Board.

As I presume the Board is suggested with a view to increasing the usefulness of the Hospital, such a proposal is not unwelcome. The number of its visits we are not concerned with, and the Board may be assured, if proper notice is given to the Mission authorities, they will make all necessary arrangements. It must, of course, be remembered that this Hoppital is a Women's Hospital, and it is not necessary to point out that visits cannot be paid without due warning.

The monthly returns of attendances are always available and can be seen whenever required.

If required a statement of the finances of the Hospital will be presented to the Board at the same time as the yearly statement to the Government.

The Mission authorities, whose one desire is to make the Hospital useful to the sick of the District will welcome any suggestions for the improvement of the Hospital. At the same time I think it is necessary to be quite clear on one point. The Mission authorities, who expend nearly one thousand rupees a month on this institution, are not prepared to increase any item of their expenditure. Any suggestion from the Board of visitors, involving additional expenditure must be accompanied by the promise of the necessary funds, if the Mission authorities accept the suggestion. With the increasing difficulty of running so large an institution they cannot consider any increase in expenditure or reduction in income.

3. The Records of the Board.

If records are to be kept of the visits paid by the Board of Visitors, then I think it ought to be understood that automatically the Mission authorities are supplied with a copy. I would therefore suggest that "if so desired" be deleted, and the rest of the resolution stand as it is. Otherwise we shall be working in the dark which cannot, I am sure, tend to increase the sense of co-operation so necessary in work of this kind.
